1. EXECUTIVE SUMMARY & PROCEEDINGS OVERVIEW

The WL-WH Dubai 2026 Summit convenes premier global leaders, clinicians, scientists, healthcare innovators, and academic researchers to advance strategic discussions across women's health, public health leadership, modern mental wellness, and healthcare operational excellence. This official peer-reviewed proceedings volume compiles authorized keynote summaries, oral presentation manuscripts, and policy recommendations delivered across November 25-26, 2026 in Dubai, UAE.

2. CONFERENCE TRACKS & SESSION DOMAINS

Track A: Women's Healthcare & Clinical Leadership

Transformative advancements in maternal health, preventive diagnostics, oncological research, and executive leadership within hospital networks and clinical ecosystems.

Track B: Mental Health & Cognitive Well-being

Evidence-based psychiatric therapies, workplace wellness strategies, trauma-informed interventions, and cross-cultural community mental health frameworks.

Track C: Health Technology, AI & Next-Gen Care

Deploying machine learning models in early disease detection, ethical AI governance, telehealth infrastructure, and predictive analytics for patient outcomes.

Track D: Global Health Equity & Policy Reform

Overcoming health disparities, international cross-border collaboration, pharmaceutical accessibility, and public sector governance models.

ACADEMIC CERTIFICATION & DIGITAL ARCHIVING
